

# iptables speichern

Regeln speichern:

```
iptables-save > /etc/iptables/rules.v4  
ip6tables-save > /etc/iptables/rules.v6
```

Regeln laden:

```
iptables-restore < /etc/iptables/rules.v4  
ip6tables-restore < /etc/iptables/rules.v6
```

Regeln bei Neustart automatisch einspielen:

</etc/network/if-pre-up.d/iptables>

```
#!/bin/bash  
iptables-restore < /etc/iptables/rules.v4  
ip6tables-restore < /etc/iptables/rules.v6
```
